Marcello Pietrocola of Mentone Insurances Ltd has been acting as my insurance broker for 5 years now. In that time i have found Marcello to be extremely reliable, professional and trustworthy. The advice and experience Marcello offers regarding all levels of cover is second to none.

I recently had a minor collision in my work vehicle. Upon contacting Marcello i was talked through the various stages of how to proceed calmly but above all reassuringly. Marcello contacted the insurance company on my behalf and dealt with everything efficiently.

Hopefully you do not have to use your insurance at any point but if you do Marcello is the only person you want acting on your behalf.
